IMPORTANT NOTES:

PURPOSES OF COLLECTION OF PERSONAL DATA

Abuja Electricity Distribution Plc (AEDC) shall collect, process, transfer, manage and store your personal data as it deems necessary for the purposes of supply of electricity, billing, regulatory reporting, compliance, dispute resolution, advisory purposes, execution of contractual obligations, communication, debt recovery and other related purposes. AEDC has taken necessary measures to protect your personal data and privacy.

RIGHT TO REQUEST UPDATE, AMENDMENT, CORRECTION AND DELETION OF PERSONAL DATA

You have the right to request for an update, amendment, correction or deletion of your personal data at any time subject to your following the duly laid down procedures for doing so by AEDC and its Document and Record Retention Policy.

CONSENT BY AEDC'S CUSTOMER

I consent to the collection, processing, transfer, management and storage of my personal data by AEDC for the aforementioned purposes. I understand that AEDC has an obligation to release my personal data to any of its Regulators, Security Agencies or third parties upon being requested to do so in the course of their official duties, investigations or on the order of court or further to contracts and will take necessary measures to protect my personal data and privacy in that regard.

PART 4: CONDITIONS AND REGULATIONS OF SUPPLY

I/We hereby request that Electricity be supplied in accordance with the Electricity Act 2023 of the Federal Government of Nigeria and all the relevant Codes and Regulations as approved by the Nigerian Electricity Regulatory Commission (NERC).

Abuja Electricity Distribution Plc (hereinafter called “AEDC”) will supply Electricity subject to the following conditions.

1. SYSTEM OF SUPPLY

AEDC’s system is Alternating Current at a frequency of 50 Hertz. The medium voltage supply will be either 230 Volts single phase or 400 Volts three phase.

2. INSTALLATIONS

Wiring Installation shall be executed to the satisfaction of AEDC which will inspect and/or test the installation.

3. SERVICE LINE

The nature and location of service lines and other supply facilities shall be determined by AEDC. AEDC shall be at liberty at any time to take branch services off the service lines whether on the customer’s premises or not, for the purposes of supplying electricity to any other premises. The customer shall obtain all facilities required by AEDC for the installation of the service line including the necessary Right of Way over his/her own and/or adjacent property which AEDC may require. Any service line or other facilities provided by or donated by a customer shall be treated in line with the Investment in Networks Regulation by the Commission.

4. ACCESS TO PREMISES

The Customer shall give AEDC all reasonable and necessary access to the customer’s premises for the purpose of connecting, disconnecting, inspecting, testing, altering, replacing, maintaining or removing any service line, meter and/or other apparatus or any part thereto and for reading meter. AEDC official will produce AEDC official identity card, upon demand. The Customer shall pay a fee for each special meter reading made on request.

5. ADDITIONAL EQUIPMENT

After the installation referred to in schedule 2.1 hereof has been tested and passed by AEDC, the customer shall not have any additional equipment connected to his installation without submitting an application form AEDC 74 to AEDC, giving at least seven days’ notice of his intention to do so and he shall not use additional equipment until the installation has been re-tested and passed by AEDC. Neglect of this precaution may cause interruption of supply and damage to AEDC Equipment; hence, a penalty may be imposed for default.

6. TESTING AND ACCURACY OF METERS

Should the customer or AEDC give notice disputing the accuracy of a meter, such meter shall be tested by the Nigerian Electricity Management Services Agency (NEMSA). If the Customer considers his meter inaccurate, his notice to that effect shall be accompanied by a deposit to cover the cost of the test. In the event of the meter having an error exceeding the line of error as may be allowed by the regulation in force, the amount payable for electricity charge for the period for which the customer is charged on the last invoice rendered prior to the notice of dispute shall be determined in line with the provisions of NERC’s Regulation on Meter Reading, Billing, Cash Collection and Credit Management.

7. DISCONTINUANCE OF SUPPLY

Not less than seven clear days’ notice in writing shall be given to AEDC by the Customer or Landlord before vacating the premises. In default of such notice the Customer shall be liable to AEDC for all accounts arising until such notice is received or until AEDC accepts an application for the supply to the same installation from another Customer. AEDC reserves the right to discontinue supply of electricity for purposes of safety, when other

Customers are being connected or when AEDC’s mains or equipment are being tested, repaired, or in cases of unavoidable interruption due to fire, flood, tempest, accident and breakdown of machinery.

8. PAYMENT FOR ELECTRICITY SUPPLY

From the date supply is made available, the Customer must pay monthly for all electricity billed in accordance with the applicable rate. Official Receipts are issued by AEDC for all payment made to it. Customers are advised on each occasion to check that the amount on their receipt corresponds with the sum paid.

SPECIAL NOTE:

Whenever any Customer of electricity supplied by AEDC leaves the premises where such electricity has been supplied to him/her without paying the charges for electricity or meter rental due to him/her, AEDC shall be entitled to recover such charges from the Landlord.

9. RESPONSIBILITY FOR AEDC APPARATUS

The Customer shall ensure the safety against damage or destruction by fire and shall be solely responsible for the safe custody of the meter and other apparatus belonging to AEDC that were installed at his/her premises, and shall not damage, alter, remove the same, or obliterate or remove any such marks, words or numbers thereon, or permit any such damage. The Customer shall make good any such damage or reimburse AEDC to the extent of any loss AEDC may sustain by reason of any breach of these conditions and regulations. The Customer shall give notice to AEDC of any breakdown, failure, loss, injury or damage to the meter of any apparatus belonging to AEDC installed in his/her premises.

10. NON-LIABILITY OF AEDC

AEDC will not be responsible for any loss or damage occasioned to any person or property, whether belonging to the Customer or not, arising out of any defects in or accident to the wiring installation or by the use of the electricity supplied or any apparatus that belongs to AEDC or through any fault arising on AEDC system or for any cause beyond their control. This provision is subject to AEDC putting in place all reasonable safety measures to ensure a duty of care in the discharge of its responsibility to the Customer.

11. THE IMPROPER USE OF SUPPLY

If the Customer shall make use of the supply in such a way as to interfere with the general distribution of the electricity, immediate steps shall be taken to remedy the defects complained of or supply discontinued.

12. BREACH OF AGREEMENT

If the Customer shall neglect or refuse to pay for the electricity supplied in accordance with these conditions and regulations, or become subject under the bankruptcy laws or enters into liquidation or suffers execution to be made on his effects or commits any other breach of this agreement, AEDC may terminate this agreement and/or discontinue the supply of electricity and/or remove the apparatus belonging to them subject to the provisions of NERC's Regulation on Connection and Reconnection of Electricity Services.

13. REVISION OF CONDITIONS OF SUPPLY.

AEDC may from time to time, on giving notice to the Customer in writing or by public notice amend or alter any of the above conditions of supply or their scale of charges and such amendment or alterations shall take effect from the date specified in the said notice as approved by NERC.

14. The customer and AEDC also hereby agree to abide by and exhaust all administrative remedies as contained in the NERC Customer Complaint Handling: Standards and Procedures Regulations before resorting to any other dispute resolution or adjudicatory process.

ABUJA ELECTRICITY DISTRIBUTION PLC (AEDC)

CUSTOMER’S FURTHER UNDERTAKING
